

Squadron 10

One of the main goals and objectives of the association through squadron 10 is to contribute and help the community by integration of member's skills, knowledge and volunteering spirit with the community needs.

Main squadron activities:

- Police air patrol - flying civil guard
- Environment protection flying watch – EPA
- Classes & lectures on aviation related subjects, for unprivileged children
- Fun flights for incurable disease ill children, destitute youngster
- Young and new pilots mentoring.
- Humanitarian & empathy flights.

We, at the association, think that all these activities, contribution and integration with the public community will improve the association image & reputation and will arise public awareness for our needs and involvement. All squadron 10 activities as well as all association activities are done purely and absolutely on voluntary basis.
